The Learn To Hockey Skate program is a group skating curriculum designed to teach children the basics of skating to help prepare them to successfully move into our Learn To Play-Hockey 1 or Learn To Play-Tweens N Teens 1 program. Skaters progress at their own rate and advance to the next level after skill mastery is demonstrated. Weekly classes are a combination of skill acquisition and practice sessions.

There are two levels in this program.

- Participants should be able to stand up and move on the ice without a skating aid.
- Hockey gear is not recommended or needed.
- A helmet (e.g. bike, ski) is **REQUIRED** for all participants.
- Recreational rental skates are included with your registration.
